

**A range of HR Services
dedicated to dental practices**

HR4Dentists is delivered by Eagle HR, in association with Harrison Clark Rickerbys Solicitors. We have designed these offers to address the day-to-day employment law and HR support needs of dental practices.

Package 1 – Start Up & Small Business Service

In our experience, businesses often need a retained HR service during start-up in order to ensure that they have watertight contracts of employment, up to date staff handbooks, in-depth induction programmes and rigorous recruitment procedures from the outset.

As businesses grow, it is useful to have the safety net of a retained HR service to deal with employee issues as they crop up, rather than an internal HR resource. We offer the Start Up & Small Business Service to practices with up to 10 employees.

This includes a **free phone HR helpline service***, available during business hours:

- Provision of a standard employment contract (we can bespoke this to mirror your desired practice culture and needs)
- Provision of a staff handbook covering the main statutory policies which all employers should provide to all employees
- Access to HR advice and support in relation to all day to day HR issues from experienced HR practitioners who know you and your business

In addition, you will have access to specialist employment law advice and on-site HR consultant support at a discounted rate. This might include activities such as:

- Induction – design and on-site support and delivery
- Training designed to build and develop effective practice teams
- Right to Work Checks

Cost: £35 + VAT per month based on a minimum 12 month contract

Disbursements: All travel expenses will be charged at 45p per mile. For the avoidance of doubt we do not charge for travel time.

Benefits to subscribing:

- Freeing up management time
