

# Residential Conveyancing – our prices and services

For a sale or purchase, our fees cover all of the work required to complete the sale or purchase of your new home.

In relation to a purchase they cover dealing with registration at the Land Registry, dealing with payment of Stamp Duty Land Tax if the property is in England, or Land Transaction Tax if the property is in Wales.

In relation to a sale, they would also include dealing with the redemption of any mortgage. Our fees do not include any tax advice, other than to confirm the relevant level of stamp duty applicable, nor do they include the preparation of any declarations of trust.

Before we start any work, we will provide a firm estimate of the legal fees which are likely to be charged for the transaction.
