

# Expert legal support with subject access requests

“”  
**They inspire confidence in  
their ability to balance risk  
with delivering solutions.**

Legal 500

Subject access requests (SARs) are becoming more frequent and complex for academies and other schools.

Recent data protection reforms will help academies manage SARs more effectively, making it easier to resist unreasonable or disproportionate requests.

Our Education team has extensive experience supporting academies with SARs. We've designed a tailored support package that makes full use of the reforms and provides help at any stage of the process.

## What's included?

- **Up to 30 minutes of initial advice** from a specialist data protection lawyer in our Education team – whether you need strategic input, help with searches or guidance on redaction, we're here to support you at any stage of the process
- **10% discount on fees** for any further advice relating to the SAR in question
- **Template response letters** for SARs, tailored to staff, parents or pupils
- **Guidance** on effective searches
- **Guidance** on redaction decisions.

### Cost

The SARs support package is priced at £695 plus VAT. Please get in touch for more details

## Further support

If you need additional advice, such as help with data breaches or general data protection compliance, our education specialists in data protection are available.

We also offer support packages for parent complaints, which are often made alongside SARs. Our teams work collaboratively to ensure a joined-up approach.
